KPIT

Letter of Intent ("LOI")

November 11, 2024

Dear Athul Satheesh,

Congratulations on getting selected for a career opportunity with KPIT, the market leading software integration partner for Global Automotive Leaders.

This career avenue has been designed with an objective to access and train the candidates from a select list of our partner's elite institutes, and to support them in their journey from campus to corporate, starting from the selection till their onboarding.

Upon accepting this LOI, you are expected to:

1. Successfully complete the pre-onboarding and/or post-onboarding training program (including practice incubation) that is assigned to you.
2. Undergo assessments that are part of the curriculum as required.
3. Satisfactory performance in the above-mentioned program will also be considered for your future onboarding into the organization.

The program details will be informed separately through the appropriate channels.

You will be onboarded as an intern for the initial training with a stipend of INR 20,000 per month. Post the successful completion of the training and the practice incubation (hands-on project), you will be converted to full time employees with a compensation of 4.5 LPA salary.

This letter should not be construed as an offer of employment from KPIT.

Please review the above terms along with the program details and confirm your acceptance within seven days from the date of issuance of the LOI. We eagerly await your response and for any further queries please reach out to campus@kpit.com.

Internship Completion Certificate

This is to certify that Gunturu Chiranjeevi has successfully completed a remote internship as an AI/ML Intern at Bharat RobotiX from February 10, 2025, to May 10, 2025.

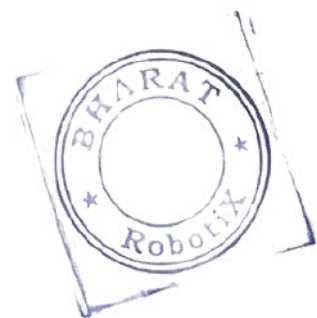

During this period, Chiranjeevi contributed to AI and machine learning projects that directly supported our mission of building advanced underwater robotic vehicles for inspection of dams and riverfronts. He actively worked on designing, training, and optimizing machine learning models, managing datasets for analysis, and using tools such as TensorFlow, PyTorch, Scikit-learn, and OpenCV to develop intelligent components for our systems.

Chiranjeevi consistently demonstrated a strong understanding of AI/ML concepts, a proactive approach to problem-solving, and effective collaboration in a remote team setting. His efforts made a valuable impact on our projects, and we commend his dedication and performance throughout the internship.

We wish him all the best in his future endeavors.

IMPORTANT

4. Students are required to comply as per the enclosed appendix A & B while reporting. Please go through carefully each of the terms from para 3(a) to (s) and also apprise the students of the same.
5. It is our experience that most student(s) who report here for training are oblivious of the rules especially 3(g) to (j) because of which students to be sent back. It is also important that the above students should report for training at one time. In case of drop out etc., the institution has to communicate to us in writing for further action.
6. It is also observed that students from out station colleges often break their tenure on the grounds of attending to college / examination etc., which in turn delays the completion and create inconvenience. It should be ensured that the students should be present continuously and complete their project within the stipulated period. Students should be advised to adhere to this stipulation scrupulously, failing which their project will be terminated.
7. It should be certified by the Institution/University that the above student is not having any symptoms of Covid-19 like Cold, Cough and difficulty in breathing before each visit as a preventive measure and the above student should also follow the Covid-19 preventive instructions by maintaining social distancing, wear mask & use of suitable sanitizer, hand wash etc., Students should produce a vaccination certificate before reporting to HAI.
8. Student(s) are required to come in the formal dress Only (Girls-Salwar Kameez, Boys-Formal Shirt & Trousers with black/brown shoes), students coming in Jeans & T Shirts will not be permitted.
9. Students are required to strictly comply with the terms & conditions mentioned herein, the safety & security policies of the company and the other rules & regulations of the company. In case if the student is found not to comply with any of the rules / regulations, his project work will be terminated without any further notice and the requests from the institutes for any project work thereafter will not be considered.
10. If the student(s) are agreeable to the above terms & conditions, they are advised to report to the office of Deputy General Manager (Security), Engine Division, between 09-00am and 10-00am on the day of Project Commencement for further action.

Thanking You,

Yours faithfully,
