

**Guest Lecture – Global Awareness Session
on Higher Studies**

Department	Electronics and Communication Engineering
Name of the Event	Guest Lecture
Beneficiary	7th Semester Students
Date and Venue	27-8-2026 Tejas Seminar, NHCE
Faculty Coordinator	Mr. Vinay R
Topic Name	Guest Lecture – Global Awareness Session on Higher Studies
Brief Report on the Technical Talk	The Department of Electronics and Communication Engineering organised a guest lecture on “Global Awareness Session on Higher Studies” on 27th August 2026 for the Seventh Semester students. The session was delivered by Mr. Divay Tak, Business Development Manager, MetaApply, Bengaluru, India. The speaker emphasised the importance of understanding the global education ecosystem and highlighted the opportunities available for students aspiring to pursue higher education abroad. The session provided valuable insights into various international academic pathways, and helped students gain a broader perspective on global learning opportunities. The lecture covered important aspects of overseas education, including popular study destinations such as the United States, United Kingdom, Canada, Australia, Germany, and Singapore. Students were introduced to the differences in educational systems, academic structures, admission procedures, and eligibility requirements followed by universities across these countries. Information regarding standardised examinations such as IELTS, TOEFL, GRE, GMAT, and SAT, application timelines, and essential documentation including Statements of Purpose (SoPs), Letters of Recommendation (LoRs), and academic transcripts was also discussed. In addition, the session addressed practical considerations associated with studying abroad, such as scholarship opportunities, financial aid, visa application procedures, cost of living, part-time employment regulations, and cultural adaptation in foreign countries. Mr. Tak also provided insights into post-graduation career prospects,

	international job markets, post-study work permits, and the long-term return on investment of global education programmes. The interactive session enabled students to clarify their queries regarding overseas education and career planning. Approximately 110 students participated in the programme and benefited from the expert guidance and information shared during the session. The Department of Electronics and Communication Engineering expresses its gratitude to Mr. Divay Tak for delivering an informative and enriching session, and helping students make informed decisions regarding their higher education aspirations.

Guest Lecture

Global Awareness Session on Higher Studies

27th August 2026

10:00 AM - 12:00 PM

Tejas Seminar Hall
